

Gautam Sandeep KT

PROFESSIONAL SUMMARY

Data Science and Systems Engineer with 4+ years of experience in investment banking applications, analytics and automation. Skilled in SQL optimization, Python data pipelines and proactive monitoring solutions that improve SLA compliance and reporting reliability. Holds a Master's Degree in Data Science (AI Analytics) from La Trobe University, with strong exposure to machine learning, NLP and Computer Vision projects. Recognized with multiple Gems Awards for outstanding client contributions.

TECH STACK

Languages & Tools: SQL, Python (Pandas, NumPy), Unix Shell, Autosys, Selenium

Analytics & Visualization: Power BI, Tableau, Matplotlib, Seaborn

AI & ML: OpenCV, YOLO, scikit-learn, NLP, Data Mining, Statistics

Exposure: Hadoop, Spark, Embedded C, Arduino

WORK HISTORY

Tata Consultancy Services – Chennai, India

Lead System Engineer / Nov 2021 – Jun 2023

- Introduced proactive monitoring and RCA process, reducing mean time to resolution by 15%.
- Optimized SQL queries and Power BI dashboards, cutting monthly reporting time.
- Automated BAU tasks with shell scripts and Autosys workflows, saving 20+ hours/month.
- Mentored junior engineers, embedding SQL and automation best practices.

System Engineer / Oct 2019 – Nov 2021

- Supported UK-based investment banking applications with 99.9% uptime.
- Designed SQL-driven ETL processes for regulatory reporting, improving reliability.
- Implemented automated UI/regression tests with Selenium, reducing defects.
- Coordinated releases with global teams, standardizing runbooks.

PROJECTS

- **Olist E-Commerce YoY Performance Dashboard (Independent Project):** Built a Python/Pandas ETL pipeline on a real 100K+ row e-commerce dataset with an interactive Tableau dashboard for YoY Sales/Profit/Orders/Customers analysis across category, segment, and geography
- **IPL Match Analytics (Independent Project):** Built ball-by-ball analytics pipeline (Python, Pandas, SQL) with dashboards for player/team performance insights.

SKILLS

Data Engineering & Analytics

- ETL Pipeline
- Reporting Automation
- Dashboarding (Power BI, Tableau)

Advanced Analytics & AI

- Predictive Analytics
- Computer Vision (OpenCV, YOLO)
- Natural Language Processing (NLP)

Automation & Quality Assurance

- Workflow Scripting (Unix Shell, Autosys)
- Proactive Monitoring
- Regression Testing (Selenium)

Collaboration & Delivery

- Stakeholder Engagement
- SLA Compliance

EDUCATION

2025

La Trobe University

Master of Data Science, Artificial Intelligence Analytics

2019

Easwari Engineering College

Bachelor of Engineering, Computer Science and Engineering

- **Smart Office Utilization (Master's Degree Capstone Project):**
Computer vision pipeline (OpenCV, YOLO) for occupancy metrics, enabling space optimization via Tableau dashboards.
- **Smart Garbage-Can Tracking (Bachelor's Degree Capstone Project):** IoT prototype with ultrasonic sensors and dashboards for route optimization.

CERTIFICATIONS & AWARDS

Microsoft Power BI Data Analyst Associate certification

Microsoft SQL AI Developer Associate certification

Career Ready Advantage Award, Silver Level - La Trobe University, 2025

6+ Gems Awards for outstanding client contributions
